Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2017-0108 (Notice No. 2021-07)]

Hazardous Materials: Notification of Termination of Certain Explosive Classification

Approvals due to Non-Compliance with the UN Model Regulation Test Series 6(d)

Requirement

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notification of termination of explosive approvals.

SUMMARY: PHMSA has terminated the Explosive (EX) classification approvals listed below. PHMSA published a *Federal Register* Notice on May 4, 2021, notifying the approval holders listed below that PHMSA intended to terminate their approvals for failure to provide proof that the approved explosives successfully completed the UN Test Series 6(d) of Part I of the UN Manual of Tests and Criteria. The notice advised approval holders that they must either show why their approvals should not be terminated or apply for a modification of their approval prior to June 3, 2021.

FOR FURTHER INFORMATION CONTACT: Mrs. Harpreet Singh, Chief, Energetic Materials Branch, Sciences and Engineering Division, 202-366-4535, PHMSA, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION:

I. Introduction

The Pipeline and Hazardous Materials Safety Administration's (PHMSA) Office of Hazardous Materials Safety (OHMS) provides notice of the termination of the approvals listed below. The below-listed approval holders failed to provide evidence that their explosives successfully passed UN Test Series 6(d) of Part I of the UN Manual of Tests and Criteria (UN 6(d) testing) as required by 49 CFR 172.102, Special Provision 347.

Publication in the *Federal Register* is an authorized method for PHMSA to serve the approval holders in accordance with 49 CFR 105.35(a)(3). The approval holders listed below failed to submit evidence that the UN 6(d) testing had been successfully completed and failed to apply for a modification of their approval. Therefore, PHMSA terminated their approvals, effective June 3, 2021.

II. Background

Final rule HM-215O¹ amended Special Provision 347 to require successful completion of UN 6(d) testing. This change affected explosives classified as Division 1.4S hazardous materials and impacted UN Numbers UN0349, UN0367, UN0384, and UN0481. This requirement became effective for transportation by aircraft under the International Civil Aviation Organization (ICAO) on January 1, 2019; for transportation by vessel under the International Maritime Organization (IMO) on January 1, 2020; and for domestic highway and rail transportation on May 10, 2021. PHMSA attempted to contact the affected approval holders in October 2020 via a Safety Advisory Notice issued from the PHMSA EX Portal to alert holders of the May 10, 2021, compliance deadline. On May 4, 2021, PHMSA issued a Federal Register Notice² [Docket No. PHMSA-2017-0108, Notice No. 2021-03] which notified the approval holders of PHMSA's intent to terminate all approvals that failed to provide PHMSA with documentation showing that the UN 6(d) test had been successfully completed by June 3, 2021. As noted above, publication in the Federal Register is an authorized method for PHMSA to serve the approval holders in accordance with 49 CFR 105.35(a)(3). The approval holders listed below failed to submit evidence that the UN 6(d) testing had been successfully completed and failed to apply for a modification of their approval. Therefore, PHMSA terminated their approvals, effective June 3, 2021. As of July 2021, PHMSA had not received any records that the required UN 6(d) testing had been successfully completed for the below-listed EX number(s).

¹ 85 FR 27810 (May 11, 2020).

² 86 FR 23782 (May 4, 2021).

III. Action

PHMSA terminated the below EX classification approvals in accordance with § 107.713(b)(1).

IV. Terminated Approvals

EX approval holders are listed in alphabetical order.
